

AAPG 2016 Presentations – Booth 1409

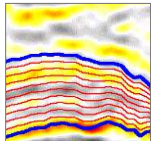

ATTRIBUTE STUDIO 8 – NEW !

A quantum leap forward in technology and productivity for integrated attribute analysis

Mon | Tues | Wed

9:30 9:30 9:30
14:00 14:00 ---

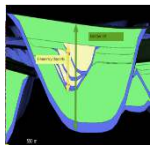

STRATA-GRID INTERPRETATION

Integrated stratigraphic attribute analysis workflows for reservoir characterization

Mon | Tues | Wed

10:15 10:15 10:15
14:45 14:45 ---

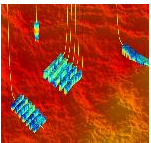

MULTI-SCALE RESERVOIR MODELS

Multi-scale modeling and up-scaling workflows for integrating core, well log, and seismic attributes

Mon | Tues | Wed

11:00 11:00 11:00
15:30 15:30 ---

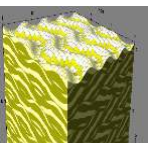

ATTRIBUTES AND PRODUCTION

Production prediction workflows incorporating seismic attributes and engineering data

Mon | Tues | Wed

12:00 12:00 ---
16:30 16:30 ---

SBED – CORE TO RESERVOIR

A small-scale heterogeneity modeling and up-scaling toolbox linking pore to field models

Mon | Tues | Wed

12:45 12:45 ---
17:15 17:15 ---
